Future Research Talent Program 2024

The Australian National University, Australia invited the University of Delhi to the Future Research Talent Program 2024. The program is for Science students of their selected partner institutions and will provide them an opportunity to travel to ANU in 2024 to pursue collaborative research projects. Each FRT scholar will receive AUD\$8,500 to support their travel to Canberra, Australia and cover living costs there.

There are 13 ANU Research Schools that have nominated [over 100 research projects](#) / areas/ groups that are open to hosting FRT scholars – students are to be selected which align with these research projects / areas.

Applications were invited from all the Departments of the Faculty of Science, Faculty of Mathematical Science and Faculty of Inter-disciplinary & Applied Sciences of the University of Delhi. A selection committee was formed to select the ten best students.

Following Ten Master of Science Students of the University of Delhi are selected for the said program after due selection procedure,

1. Mr. Abhishek Bhardwaj, IIIrd Year, B.Tech (IT and Mathematical Innovation), Cluster Innovation Centre
