Selection Result - U21 RISE 2023

The U21 RISE Competition 2023 - RISE (Real Impact on Society and Environment) is U21's international showcase of student achievement in sustainability and social innovation designed to accelerate the scale and impact of student-led projects by connecting them with a network of experts in academia and industry.

The Call for RISE Entries were sent to all the Colleges and Departments of the University of Delhi and announced on the International Relations Website. Video entries were received from the students of College/departments. Each member university can nominate upto 2 projects led by students solely from their university and 2 joint nominations involving students from 2+ member universities. Each member university therefore may sponsor a maximum of 4 nominated projects.

The following two projects are selected after following due selection procedure,

1. Project "My Moment of Makeover" by the students of Shaheed Sukhdev College of Business Studies
2. Project "Phirban" by the Students of Hindu College
