

Journey of A Researcher from India to Germany - Special Session - 21st November 2024

The India offices of **Freie Universität Berlin, University of Cologne and Max Planck Society** are organising an Info-Session, titled *Journey of a Researcher from India to Germany* on “**Navigating Research & Student Life in Germany**”, wherein alumni from Freie Universität Berlin and University of Cologne who have done their research in association with a Max Planck Institute, will share their journey from India to Germany.

The session aims to provide insight into how MPI collaborates with German universities to provide students with research opportunities and joint degrees, thereby enhancing the academic value and global recognition of their qualifications.

For this session, we have invited, **Dr. Kedar Kulkarni, Associate Professor - Literary & Cultural Studies, Department of Humanities and Languages, FLAME University, Lavale** representing Freie Universität Berlin, and **Dr. Balakumaran Chandrasekar, Assistant Professor, Department of Biological Sciences, BITS Pilani, Pilani Campus** representing the University of Cologne as our guest speakers.

The target audience for this event is Master and PhD students, and early career researchers from Delhi and Delhi NCR.
